News and Notes

April's meeting was our first meeting to incorporate a building session after the business meeting. Everything went smoothly, and the idea looks very promising. Everyone is welcome to "bring your stuff" to the May meeting and we will continue with the building and see how it goes.

We were introduced to a new member this month. Dennis Leo joined the club at the April meeting. Dennis has an interest in various subjects and is currently building mostly cars and trucks. We are glad to have him with us, and please introduce yourself to him at the next meeting.

Chuck Wise has challenged everyone to complete a model for the June 9th business meeting. We currently have about 10 members interested, and we would naturally like to see more. You may bring one that you have already started. All subjects are welcome and there may be prizes involved! (We have a few details to work out yet.)

Agenda for the May Meeting

Old Business

New Business

Show and Tell

Builders Session

Upcoming Events

- ✚ April 25, 26 [Noreastcon](#) *Region 1* 160 Holiday Way,

build and shoot the breeze with fellow modelers
Held at *Walt's Hobby* 7:00pm- 9:00 pm
***The builders meeting has a conflict because of
Memorial Day- Date to be discussed***

Show and Tell

Our newest member Dennis Leo showed us one completed model and one in progress. This is his '56 Ford F-100 pickup with a scratch built wooden box, and a 1970 Chevelle which he is still working on.

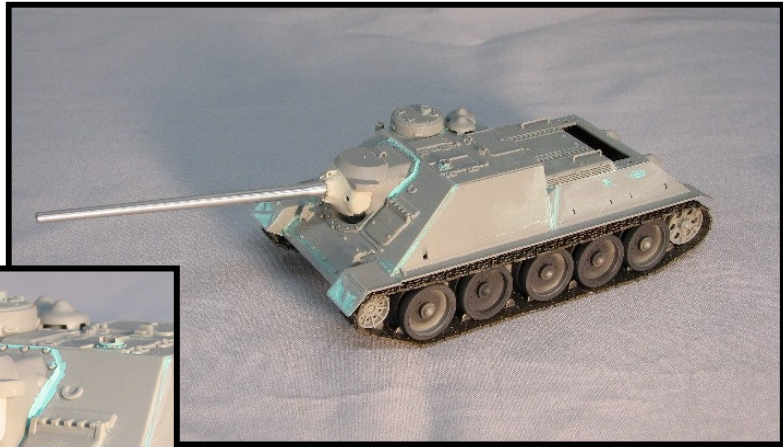

Chuck Wise brought in an assembled but not painted US 50 Caliber Browning machine gun in 1/35 scale made by Taska. This is a beautifully molded model with a perforated cooling jacket which normally would have to be done with photoetch. He also showed the progress on his Soviet SU-100 Tank Destroyer in 1/35 scale by Dragon. It features separate link tracks.

Show and Tell

Continued...

Chuck's SU-10

Just after our Show and Tell, some members went right to work building and here they are caught in action!
